# student council

student council is a group of some of northridge's most **involved** students. they meet once a month on friday mornings to discuss myriad **activites** related to the school. student council's first big event of each year is homecoming, which is completely run and funded by the council. this year's big **fundraising success** was the development of the "i ♥ nr" shirts, which **promoted** all of northridge's academic and athletic groups. the student council also **sponsored** a spring dance for the functional skills class to enjoy. the council is concerned with **projects** that help the local community and beyond. with about 70 students, student council can become a **force** to reckon with when it puts its mind to something. it's a club at **northridge** that gathers students together for a common good.

this season, the lady raider golfers finished a spectacular season with a record of 17-3. the team finished 2nd in the fremont invitational, 2nd at sectionals, and set a 9-hole record at south shore golf course with a score of 164. the ladies also finished 3rd in conference during the regular season and at the conference tournament. senior fantastic lyndsay mcbride finished her career at northridge by being the first girl golfer ever to qualify for state finals and ended up returning home with a 15th place title.

an urban legend deems golf an acronym for "gentlemen only ladies forbidden." apparently times have changed...

the 2005 northridge football season was a great experience for all of those involved. it began with vows of hard work put into summer lifting, 7 on 7, conditioning, and 2-a-days that resulted in a very fun season with a great group of guys. this year's team was very close; one who bonded through activities such as service projects, a team camp, and even camping on the game field. the team closeness lead to one of the season highlights, that being the victory over goshen. it was a game in which everyone believed and no one gave up - qualities instilled by a great coaching staff.

april graber was at her first track meet and she was pole vaulting. while waiting for her turn, the official said "april graber, in the hole." april looked at sam and asked, "where's the hole to stand in?" it was hilarious.

words of advice:

always have a goal in mind. if you know exactly what it is you are working for, nothing can stand in your way. having a goal allows the negative things to seem small, because there is a larger picture. once you reach your goal, all of your hard work and sacrifices will be worth it. and most of all, love what you do.

student quote

"track has been a lot of fun this year. we have a lot of people who are going to do well in the tournament. it will be exciting to see how everyone does. and if i had to sum the season up in one quote it'd be 'I call first poddy!' haha." -jessie lafree

after coming off a great season last spring, the softball team, lead by the coaching of mr. schultz and mr. robinson, had high expectations for the 2006 season. they created a lot of new memories to carry with them and had a great season. one of the highlights was beating local rival concord by a score of 5-2. the girls all aimed to make it a great year for mr. schultz's last season before retirement.

"Greg was someone that you could always talk to, always say "hey" to in the hallway, and always share a good joke with. The one thing that was best about Greg was that he always made you smile. No matter how bad your day was going, he would always cheer you up in his special little way of saying "Hey dude" or just literally scaring you. The one thing that Greg left us with the most is to just live life to the fullest. As long as you work hard and enjoy what you do, great things will happen. Greg, as a person, changed everybody's life, made everyone better in a special little way. He gave us "SERENITY."

-Lincoln Rassi

# In Memory of...

SERENITY

"Greg was always the person to make you smile. I remember that he would always say something stupid, make up the most pointless game or when he would be in an argument and he would stutter. All these things would make you smile. It seems like it was always Greg's objective to make people smile. I'll always love and remember him for that. He was and will always be my best friend."

-Loren Stokes

## The joy of the journey.

At Goshen, your learning stretches far beyond classroom walls...  
To a campus biophysics lab to observe ion channels.  
Or to Peru, to hike the Inca trail.  
To a thoughtful Bible study or lively hymn-sing. Or conservation work at our environmental center.

Wherever your Goshen education may take you, your journey will be as meaningful as it is practical, as purposeful as it is unpredictable, as fulfilling as it is fun.

I'm extremely proud of you.  
You are an amazing woman: beautiful, kind and caring. For four years you performed in school Plays and Musicals along with three years of performing in the Northern Lights show choir. How ever did you do it? Be sure to read the book *Visioneering* by Andy Stanley. I'm going to miss you so much! Keep singing!

Love Mom xoxo

I've always looked up

You have brains in your head.  
You have feet in your shoes.  
You can steer yourself in any  
direction you choose.  
You're on your own.  
And you know what you know.  
You are the gal who'll decide  
where to go.

~Dr. Seuss

Rachael,  
You have been one of the biggest  
joys of my life and have grown up  
so very fast right in front of  
my eyes. I'm so very proud of you  
and everything you have done. Not  
a day goes by when I don't have a  
smile on my face in thinking what  
you have accomplished. Open your  
eyes and your arms the world awaits  
you and remember these two things:  
"Find a job you love and you'll  
never have to work a day in your life"  
and "Daddy always has gum."
